This is an event where Researcher, Industry & Academia got together to discuss the problems and opportunities overall with respect to Intellectual Property Rights. Whole event was guided by the Dr. Pruthul R. Desai, Principal, Sir P. T. Sarvajanik College of

Science, and the event was coordinated by Dr. Ketan C. Parmar, Assistant Professor, Department of Chemistry.

The event started with the prayer recited by our M. Sc. Students.

Dr. Pruthul R. Desai gave the welcome address. He explained the rationale and aim of the seminar. Many faculty members, researchers and students and three speakers were presented in the seminar. The students were actively joined and involved in the question

answer session of every session. This conference was focused on various issues of the IPR.

The faculty members, students and participants from industry, total 169 participants have attended this seminar. As per schedule we have invited three resource persons for this seminar. There were three sessions for the seminar so Each invited talk is of one and half hours. After completion of each session participants actively participated in question answer session.

First session started at 11: 00 am by Dr. Amar Desai, Deputy General Manager, Global IP, Zydus Cadila Healthcare Ltd. He delivered a talk on “Issues and Challenges before IPR in India ”. He explored the Importance of IPR laws and measures of the development of new small-scale industries and their organizational structure.

Second session started at 12:30 pm by Dr. Sonal Thakor, Associate Professor, M. S. University, Baroda. She has given details of the new rights and duties of the patentee. Various statutory provisions of the India and WIPO initiatives have been discussed. He spoke at length about the need of the skill, academics, and implications of patent Laws.

Third session started at 3:00 pm by Dr. Parva Purohit, Senior Vice President, Kashiv bioscience Pvt. Ltd. He has discussed the idea about the antecedents of IPR, narrated various issues of it and later on focused on the emerging issues on IPR. He has discussed various points to overcome the problems.

Finally, the seminar was very fruitful and relevant for the students, researchers and faculty also. The college will try to arrange this type of seminar at least once in a year so that holistic development of students could be possible.
