Brief Report:

The talk was about a journey that takes you from an ordinary life to an extraordinary life. Prof. B. J. Lad in his talk mentioned that the Tatavas in our body should be enhanced, so they can glide through to attain inner harmony and lasting peace. Using a simple fable, he showed the technique to attain virtues and then to gain wisdom. He further explained how these techniques bit by bit liberate you from the Voltaire of the worldly things and transcend you to the spiritual world.
