

Webinar on “Revisiting Fundamentals of Chemistry”

Date: 02-05-2020

Participants: 83

Resource Person: Prof. Kiritbhai. K. Desai, Retired Professor, Department of Chemistry, VNSGU, Surat

Sarvajanik Education Society
Sir P. T. Sarvajanik College of Science, Surat

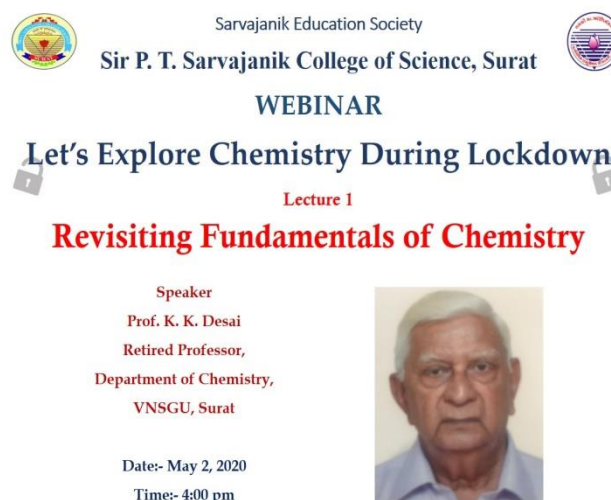

WEBINAR

Let's Explore Chemistry During Lockdown

SPEAKERS

2 May, 2020	Prof. K. K. Desai, Retired Professor, Department of Chemistry, VNSGU, Surat Time: 4:00 pm
4 May, 2020	Prof. K. H. Chikhaliya, Department of Chemistry, VNSGU, Surat Time: 12:00 pm
6 May, 2020	Dr. Rahul B. Tailor, Department of Chemistry, JNM Patel Science College, Surat Time: 12:00 pm
8 May, 2020	Dr. Mehul R. Khimani, Department of Chemistry, P. P. Savani University, Kosamba, Surat Time: 12:00 pm
10 May, 2020	Prof. Mohan N. Patel, Department of Chemistry, S.P. University, Vallabh Vidyanagar. Time: 5:00 pm

Organized by: Department of Chemistry

Sarvajanik Education Society
Sir P. T. Sarvajanik College of Science, Surat

WEBINAR

Let's Explore Chemistry During Lockdown

Lecture 1

Revisiting Fundamentals of Chemistry

Speaker
Prof. K. K. Desai
Retired Professor,
Department of Chemistry,
VNSGU, Surat

Date:- May 2, 2020
Time:- 4:00 pm

Brief Report:

The title of the webinar itself indicates the purpose to clear basic concept of chemistry. Prof. K. K. Desai started the webinar with the definition of % w/v. He taught how to prepare 0.5M, 2 liter solution of H_2SO_4 in laboratory. Then he explained the term normality, molarity and gave some examples to find out normality and molarity of the solution. Then he also defined the term ppm & ppb. By using examples he showed the conversion of ppm to molarity and molarity to ppm.
