**Let's explore the Biosphere
during Lockdown**

Lecture 5

Scope and Emerging Trends in Biology

By

Dr. Krishna Rajput

Assistant Professor of Zoology,
KBS Comm. & NATRAJ Prof. Sciences College
Vapi.

Date: May 4th, 2020

Time: 11.00 AM

Brief report:

In today's competitive world, it is highly important to pursue the courses that lead to bright career opportunities in future. As a part of webinar series “LET'S EXPLORE THE BIOSPHERE DURING LOCKDOWN”, which was jointly organized by Dept. of Botany and Dept. of Zoology, Sir P. T. Sarvajanic College of Science, Surat, on 4th May, 2020 Dr. Krishna Rajput delivered a lecture on “Scope and Emerging Trends in Biology”. It was a very informative session and students got to know about the plethora of opportunities after completing various courses in biology. Students had a fruitful interaction with Dr. Rajput.
