Talk on “Mathematics – an abstract reality of life”

Date: 08-02-2020

Participants: 80

Resource Person: Prof. Sudhir Jain, BARC, Mumbai

Brief Report:

In the inaugural function the Principal of the College Dr. Pruthul Desai welcomed all the dignitaries including the donor Dr. Vinod Shah. He thanked Dr. Shah for giving away a generous donation to the Department of Mathematics. The Chairman of Sarvajanic Education Society, Shri Kamlesh Yagnik, acknowledged the magnanimous act of Dr. Shah and said that Sarvajanic Education Society shall remain indebted and will leave no stone unturned to fulfil the wishes expressed by the donor. The First Vice-Chairman concluded the inaugural function by giving a vote of thanks.

Prof. Sudhir Jain gave a riveting talk titled “Mathematics – an abstract reality of life.” Giving number of examples. Prof. Jain showed a demonstration on how ideas of Mathematics are knowingly or inadvertently used by all of us in carrying out day to day chores. He emphasized that Mathematics though being an abstract subject, has far reaching implication in real life and has played a pivotal role in the human progress. The talk was well received by one and all.
