Industry Profile:

Zydus Lifesciences Limited (Formerly known as Cadila Healthcare Limited), a leading Indian Pharmaceutical company is a fully integrated, global healthcare provider. With in-depth domain expertise in the field of healthcare, it has strong capabilities across the spectrum of the pharmaceutical value chain. From formulations to active pharmaceutical ingredients and animal healthcare products to wellness products, Zydus has earned a reputation amongst Indian pharmaceutical companies for providing comprehensive and complete healthcare solutions. One of the salient features of Zydus is its rich history and lineage. The origin of the company dates all the way back to the 1950s. The company was founded in the year 1952 by Mr. Ramanbhai B. Patel (late), a first-generation entrepreneur and a doyen in the field of Indian Pharmaceuticals. Adhering to its brand promise of being dedicated to life in all its dimensions, Zydus continues to innovate with an unswerving focus to address the unmet healthcare needs. Simultaneously it rededicates itself to its mission of creating healthier, happier communities across the globe.

Purpose of Industrial Visit

1. To have interaction with the students with actual industry personnel.
2. To make the students aware of the industrial procedures required to enter as an employee.
3. To experience the working environment in industry
4. To visualize all the important departments in the industry.
5. To prepare the students for their upcoming selection of a proper career path.

Report

- All Thirty three students of M. Sc. Chemistry Sem III (Organic Chemistry) and one research scholar with faculties reached the Zydus Lifescience Ltd. Uni-II at 10.00 am. After completion of the entry procedure at the main gate, Mr. Jignesh M. Gohil, HR Head API, welcomed us.
